

Ryan S. Carbonel

FULL STACK DEVELOPER

ryancarbonel1984@gmail.com +63 936 546 4598 [Portfolio](#) github.com/Reffin

Self-taught full stack developer with 2+ years of hands-on experience building and deploying production-ready web applications using React, Node.js, and MongoDB — backed by a Computer Engineering degree and over 15 years of exposure to IT systems, government operations, and infrastructure management. Fast learner who picks up new tools quickly, with a strong foundation in both software development and real-world IT support.

EXPERIENCE

Full Stack Developer 2023 - Present

Freelance / Independent Projects

- Built and deployed ShopZone — a full-featured e-commerce app with product management, cart, checkout, and order tracking.
- Integrated PayMongo (5+ payment methods), Cloudinary image uploads, Brevo email API, and JWT-based authentication.
- Deployed frontend on Vercel and backend on Railway with environment-based production configuration.

Administrative Aide IV 2009 - Present

Provincial Government of Quirino

- Processed payroll for 1,000+ government employees — GSIS, PhilHealth, and Pag-IBIG deductions with zero error tolerance.
- Built an automated Excel payroll template reducing manual computation time by an estimated 60%.
- Monitored server uptime, network performance, and performed PC/printer troubleshooting and maintenance.

PROJECTS

ShopZone E-commerce App

React · Node.js · MongoDB · PayMongo · Cloudinary · Brevo

- End-to-end e-commerce platform with admin panel, product ratings, wishlist badge counts, and full payment integration — independently architected and deployed.

SKILLS

Frontend

React Vite Tailwind CSS
JavaScript HTML/CSS

Backend

Node.js Express REST APIs
JWT Auth

Database & Cloud

MongoDB Mongoose Vercel
Railway Render

Integrations

PayMongo Cloudinary
Brevo API Multer

Tools

Git Postman Excel
PowerShell

EDUCATION

Saint Mary's University

BS Computer Engineering · 2008
Bayombong, Nueva Vizcaya

LANGUAGES

English — Professional
Filipino — Native

STRENGTHS

Fast self-learner
Detail-oriented
Independent worker
Remote-ready
